Folks,

As you have probably seen, the Governor signed SB140 yesterday. I am assuming the confirmation hearings will be set in the near future. Either Ed or I will talk with the chairman about his timeline. It's crucial to start thinking about who you want to testify on your behalf (or have letters of support in hand). It's also crucial to have calls going to your local Senators from your supporters or directly from you. Please be aware, to accommodate the new federal dollars, the end date of the session is now May 11th. This does provide a few extra weeks but we should still assume the confirmation hearings will happen in the next few weeks. I'll keep you posted with any additional information.

Take care,

Beth, Thanks for this email. As you know Chris sent me a number of letters of support (about 40 pages). I have made a copy and will hand deliver them to Keith Regier. When do you think I should do that? Should I give them to anyone else, like the Committee Secretary?

Hi Ed,

Probably the committee secretary too – I would say the sooner the better. Are you going to see Sen. Regier in the next day or two? I'd like to figure out when he will schedule the confirmation hearings but I can also run over and check with him if you aren't planning to see him.

Beth, I do not plan to be back in Helena this week. I will come next week, but when will be subject to committee hearings, so I do not know when yet. And I do think an in person "check" with him is necessary. So, could you check please? If he is going to schedule those hearings soon-- I will come before to talk with him and a few on the Committee.
