I don't have a copy of the latest Joint Rules but I think a legislative referendum may be introduced rather late during the session.

This proposal is ridiculous. The citizen members of JSC receive no compensation for their efforts. I assume the retired judge and attorney will similarly receive no compensation. They want to have 9 members on a commission which receives about 50 complaints per year?

Here are the number of complaints filed with JSC since I was appointed:

2015	68
2016	57
2017	46
2018	60
2019	50
2020	42

Some of this proposal appears to be drawn from Senator Glimm's bill, which died in Senate Judiciary. I can't believe they'd want this on the ballot.

We should probably get a membership vote on this and ask who can make calls. Probably need the bar to do the same. Of course the problem here is it allows a citizen's commission to discipline or remove judges. Not clear who appoints them but God forbid they put any judges on it or more than one atty. Then there is the problem that it would be entirely inconsistent with other provisions of the constitution.....

It's been introduced - HB685. I can send it out to the membership for a vote but people need to not do the "reply to all."
Can the legislative committee give a thumbs up or down instead given the timeliness?

We should be getting a fiscal note request today or tomorrow.

Hi,

HB685 was introduced. Obviously, it has a lot of problems but the largest is probably allowing a citizen commission to oversee the compliance by Judges with Rules of Judicial Conduct. The District Court will start working on it but would ask the MMA to do the same. Is this session over yet? ☺

Subject: committee vote needed
Importance: High

Folks,

We need the legislative committee to weigh in on this on behalf of MJA. It will come up for a hearing quickly so MJA will need to act quickly. Please let me know if you oppose the attached bill. I've added Judge Spaulding to this list because he is on the JSC.

Thanks for your prompt response,

Beth

I listened to the hearing on Judge Levine. She did a great job. Do you want me to zoom in and testify for Peter Ohman? If so, please give me the link to sign up and tell me the start time. Greg

It will likely go to House Judiciary. Rep. Usher is the chairman – your rep. It might be that we need to you testify via Zoom. I'll try to figure out what they are doing with it today and let you know.

Beth,

Do we know what committee will hear this and who the members are so that we can write them?

Subject: HB685

Importance: High

Lovely – HB685 was just set for hearing on **Monday, March 29th** at 8 a.m. – these people. Ed is unavailable – Judge Todd any chance you could remote in on behalf of MJA? Judge Spaulding, if you could appear as a JSC member I think that would helpful as well. If you can, let me know and I'll get you signed up.

I'm going to establish a board of citizens who can remove legislators for bad behavior modeled after HB685.

Like Mike I'm wondering if there is a provision for overtime—or combat pay—for Legislative appearances. I feel like I should be able to boast about how many tours of duty I have been on. But I can appear by zoom on Monday morning. Beth please sign me up. I know the bill was sent before, but I think I erased it so please send me another copy so I can speak half way intelligently about it. Greg
